Organizational Description:

Alcohol Justice is a national alcohol industry watchdog with a strong youth and prevention program in the Canal District of San Rafael. We organize locally, statewide, and nationally to hold the alcohol industry and other drug industries accountable for harm. For more information see AlcoholJustice.org

Position Description:

Alcohol Justice is hiring a full-time Case Manager/Youth Organizer to join our action-oriented group of dedicated public health, policy, and advocacy experts. Responsibilities are twofold: working with at-risk youth, in-taking youth clients and their families, providing resource referrals, and shepherding the youth into prosocial and problem-solving activities. Secondly, the position will assist in organizing and training youth to become civic leaders through our activist Youth for Justice (YFJ) program. Using a "La Cultura Cura" model, we engage YFJ youth and their parents through Latinos Unidos de Marin, an advocacy and self-help group. The position requires an independent and culturally sensitive individual who is a proactive self-starter.

Case Management Duties and Responsibilities:

- Fluent Spanish is required, since it is the most proficient language of many of our youth and their parents
- Provide family and youth case management services to referred or recruited youth and their families
- Evaluate physical and psychological makeup of youth to determine needs
- Employ volunteer services of Consejo Restaurativo de Marin in meeting with and assessing youth and families
- Ensure client data is entered on time and correctly to support program evaluation and outcomes tracking
- Develop a corrective or treatment plan, agreed upon by youth and their families that is sensitive to cultural background, immigrant status, housing/home situation, economic status, age, and ability
- Counsel youth and parents, guardians, foster parents, and/or institution staff concerning adjustments to home situation, defining house rules and parent/child expectations, interactional behavioral modification, or referrals as needed to meet family or individual needs
- Create and maintain youth files
- Track outcomes, implement case plans, and ensure retention of clients in the health and wellness programs
- Work with Probation, Health and Human Services, CBO's, Schools, and other involved professionals
- Coordinate youth and family agreements with primary activities in YFJ and Latinos Unidos de Marin
- Conduct group self-help sessions among youth or parents/guardians as deemed appropriate
- Provide crisis intervention
- Communicate effectively, collaborate with coworkers and management, and maintain professionalism and grace under pressure
